NOW READY. TRECTORY CHINA, JAPAN, STRAITS, &c., &c., 1,894,

With which is incorporated THE CHINA DIRECTORY. THIRTY-SECOND ANNUAL ISSUE. and will be found, as usual, to show an advance on preceding years both in fulness and accuracy

The DIRECTORY covers the whole of the ports and cities of the Far East, from Penang to Vladivostock, in which Europeans reside. Not only is the Directory as full and complete in each case as it can be made, but each Colony, Port, or Settlement is prefaced by a DESCRIP TION, carefully revised each year, some of which will serve as accurate Guides for the Tourist, giving every detail in connection with the places,

their History, Topography. &c., &c.
The Information afforded in these Descriptions alone would suffice to fill an ordinary volume, consisting of over Eighty highly interesting articles, packed with facts concisely set out, and containing statistics of the TRADE of each Country and Port.

The work contains Directories and Descrip-

PRIZE DISTRIBUTION AT VICTORIA COL LEGE.

The annual distribution of prizes at Victoria College took place yesterday. His Excellency Sir William Robinson presided, and among those present were Right Rev. Bishop Burden, Hon. W. M. Goodman (Attorney-General), Hon. N. G. Mitchell Innes (Colonial Treasurer), Hon. To Kai, Hon. E. R. Belilies, C.M.G., and a num-

ber of ladies. Rev. Dr. Bateson Wright, the Headmaster, Quincoy. read his annual report; and at its conclusion invited His Excellency to present the prizes and address a few words, which they had come to regard as an annual stimulus, to them. The prizes were then distributed, each successful scholar receiving a round of applause on

scending the dais. His Excellency at the conclusion of this ceremoney said-Ladies and gentlemen, the Head is the score Master has asked me to make a few remarks which he is good enough to say may be a stimulus to the staff of the College and the Dr. Lowson, o Maclaughlin, b scholars in the fature. The report which has just been read by the Headmaster is so exhaus. Word Master Brat, b Liddle tive and so comprehensive that there is little Dr. Illawicz, R.N., c Laddle, b left for me to say, except that it seems to me to be a most satisfactory report and that it Dr. Atkinson, c Welman, b Marksays a great deal for the progress of education in the colony. I do not protend to be an educationist myself (except in so far as I wish to do all I can to promote the cause of education and to encourage the spread of useful knowledge throughout the colony), but I can quite recognise

the great educational influence of such an institution as this. As this is a very dull season in political matters—the Legislative Council being adjourned sine dis-the papers may find it worth while to criticise this report. In one part of it Liddle Dr. Bateson Wright refers to the depression in Markham the colony and the effects of that depression on Strick the future of this institution. I am aware that there is an idea abroad, which is entertained by one member of the Legislative Council, that this is a very, expensive establishment and that the colony cannot afford to pay eighteen or nineteen thousand dollars a year toward its support. The Chinese have a proverb to the effect that learning is more valuable than gold, and I hope that those of our Chinese community who recognise the advantages of the institution will not be slow in giving it greater support, by agreeing to an in-crease of fees, if it should be found necessary to ask them to do so. There are one or two features in the report which are highly satisfactory and which are well worthy of comment. I particularly refer in the first place to the fact that the whole staff deserve the highest praise for Lowson the results of last year, and in looking at Meaden those results it is highly gratifying to me to be able to say that I think they afford evidence of good work done which should convince the unsympathetic member of Council to whom I have alladed that the school deserves all the support

which it receives from the Government. The Headmaster in his report says, " If, the present rate of improvement continue, the reputation of the school will be considerably enhanced in the next few years;" and I am sure that is the wish of everybody who takes an interest in Victoria College. I observe that Dr. Bateson Wright is anxious to give a new name to the College. The Attorney-General is here, and I have no doubt he will give me his advice on the matter. For my own part I quite approve of the suggestion made in the report, that Victoria College be known in the future as Queen's College A member of the Legislative Conncil, who is extremely interested in education, and who has shown that interest by giving very large grants of money for the promotion of education in the Colony, stated the other day that Hongkong should become the Oxford and Cambridge of China. I do not know that any of us will see that suggestion realised but as far as the Government is concerned

no obstacle will be put in the way of the realieation of the object indicated. For my own part, however, I think that the educational efforts of our schoolmasters in this Colony would be far more profitably made as regards the Chiness in teaching English than in teaching physical geography or animal physiology, but I hardly expect that two educationists like Dr.

Cheers were then given for the Queen, His donors of prizes, and the Head Master.

Dou-

JANUARY, 1894. For Forms of Application apply to the Hong-kong and Shanghai Banking Corporation, and the Stockbrokers' Association of Hongkong. GENERAL MANAGER AT HONGKONG: GEO. R. STEVENS. -

CONSULTING COMMITTEE:

W. H. POTTS.

DAVID GILLIES JAMES BILLINGTON COUGHTRIE POON PONG. : SECRETARY PRO. TEM .:

BANKERS: THE HONGKONG AND SHANGHAI BANKING CORPORATION.

Solicitors: JOHNSON, STOKES AND MASTER. ROOMS on the UPPER FLOOR of the Hong-kong Ice Company's Premises at Ice This Company is formed to acquire all the en the 21st inst. Mining Company, Limited, now in Liquidation, | Canal on the 18th inst. and hereinafter called the Old Company. These properties and assets are as follows:-The properties known as "The Balmoral," "The Queen of the Mount," "The Eureka," for which £10,665 cash was paid by the Old

COMMODIOUS GODOWN on PRAYA MACHINERY and other Assets necessary and useful to the New Company, valued at £4,000, making in all £14,665. Consideration to be paid on purchase from the Old Company and its Liquidator:

22,686 shares to be allotted to shareholders in the Old Company, \$2 per share to be deemed to have been paid up (and with a liability of \$1 per share: 50 cents to be paid on application, and the balance to be nt call)......345,372 Debts owing by the Old Company and expenses to date of and including registration of the present

N.B.—Many of the creditors of the Old Company have consented to take fully paid-up shares in lieu of cash... \$69,972 For working capital-\$1 per share on 22,686 shares above 33 per share on 19,114 shares ... 57,342

Capital of the Company \$150,000 From the above Statement it will be seen that the Company pays the Old Company (in shares) considerably less than their outlay for the purohase of the properties and machinery.

It is believed that the properties above-mentioned contain very valuable mines—this belief being based on the following grounds :-(a).—The favourable reports which have from

time to time been made on the property by Mesers Cox and Seaver, and Mr. Henderson, independent mining experts of good standing and repute in Australia, Extraots from these reports accompany the Prospectus, and the reports them-selves together with Plans of the proper-ties, are open to inspection at the Office of the Liquidator, No. 1, Daddell Street, Hongkong. From these and from the report of Mr. CARL WILHELM. GEORG, the Liquidator of the Old Company, it appears that there is a consensus of opinion, on the part of those acquainted with the facts, that these are valuable mining

(b) -Gold to the value of £100,000 has been taken out of these properties, and this without any real attempt to develop the mines by sinking deep shafts. (c).—The mines when worked by tributers (i.c., a few miners who from time to time have leased the right to work) have always made large profits for the workers. Be-fore the Old Company was formed upwards of 3,448 oz. of gold were won from

about 1,500 to 2,000 tons of stone, and within the past 12 months tributers on the properties are getting out stone in considerable quantities yielding from # oz. to 3\ oz. to the ton. The workings of the tributers will not interfere with the sinking of shafts and the development of the property, and their right of tribute will expire in September, 1894.

(d.)—In parts of the Balmoral property the reef has yielded as much as 4 oz. to 7 oz. per ton, and it is confidently expected that, with certain necessary expenditure

in sinking and driving and in the purchase of additional machinery, these properties will turn outgold in very paying quantities.

(6.)—The Government of New South Wales have promised £100 towards shaft-sinking on the Balmoral property and the Government Prospecting Board described the Queen of the Mount as a splendid pro-

(f.)—On the Queen of the Mount property, in 1892, 429 tons yielded 450 oz, to tributers. Both these properties and the Eureka property are more fully referred to in the extracts from Reports which accompany the Prospectus. It is believed that the want of success of the 134 Old Company was due to the gross mismanagement, ignorance, and waste of money at the Mines. The present Company intend to secure the services of a business manager from Hongkong in whom the shareholders will have confidence and whose head-quarters will be at the mines and under whose management the money of the Company will be applied honestly and satisfactorily in the development of the pro-

SHOP No. 24. "BANK BUILDINGS;" op-Prospectuses and forms of applications for shares can be obtained on application to the HONGRONG and SHANGHAI BANKING CORPORA-TION, or from the STOCKBECKERS' ASSOCIA-TION of HONGKONG. Hongkong, 23rd January, 1894.
